**MEMORANDUM FOR:** Chief, Production Services Group, NPIC  
**SUBJECT** : Courier Requests - DCI Watch Office and  
Capitol Hill

1. This will confirm conversations with the Chief, NPIC Courier Service concerning deliveries and pickups of sensitive material to various congressional committees.

2. Over the past few weeks the number of deliveries and late evening pickups have exceeded by far the number of such deliveries and pickups anticipated when this support by your staff was laid on by the Office of Security and this office in May. This increase has been unavoidable. Present estimates are that this workload should drop off rather sharply within the next week to ten days.

3. I want to commend your very able staff for the support that has been provided the Director's office during this period.
